GLOBAL SILICONES COUNCIL / KOREAN SILICON SOCIETY / KOREAN RESEARCH ASSOCIATION OF THE SILICONE INDUSTRY

SILICONE CHEMISTRY ASSESSMENT WORKSHOP

FEBRUARY 16 – 17, 2017

YONSEI UNIVERSITY INTERNATIONAL CAMPUS

85 SONGDOGWAHAK-RO, YEONSU-GU, INCHEON 21983

February 16th

6 pm Dinner for Workshop Participants

February 17th

Time	Topic
08:30	Introduction / Workshop Goals **Mr. Ralf Maecker** - *Momentive Performance Materials* **Prof. Gyu-Hwan Lee** - *Korean Silicon Society* **Mr. Won-Min Lee** - *Korean Research Association of the Silicone Industry*
08:45	What's so Special about Si Chemistry? Silicone Chemistry & Implications for Product Performance and Environmental Fate **Mr. Ralf Maecker** - *Momentive Performance Materials*
09:00	Use of D_4 in Commerce and Importance to Korean Economy **Mr. Yu-suk Jung** - *KCC Silicones*
09:10	International Silicone Marketplace **Mr. Ralf Maecker** - *Momentive Performance Materials*
09:20	Global Regulatory Overview **Mr. Ralf Maecker** - *Momentive Performance Materials*
09:35	Korea REACH Overview and Implementation **Dr. Kuh Park** - *Korea Chemicals Management Association*
09:50	Risk-based PBT / POPs Assessments for Si Chemistry / Quantitative Weight of Evidence Case Study **Dr. Kathy Plotzke** - *Dow Performance Silicones*
10:30	Break
10:45	Environmental Exposure to Siloxanes **Dr. Kathy Plotzke** - *Dow Performance Silicones*
11:00	Moderated Question and Answer Session **Mr. Yu-suk Jung** - *KCC Silicones*
11:30	Opportunities for GSC Engagement / Collaboration in Korea **Mr. Ralf Maecker** - *Momentive Performance Materials*
12:00	Next Steps **All**
12:30	Adjourn / Lunch
